

LANE CLOSURE FOR SCOTTSVILLE ROAD TONIGHT

Thursday, 27 September 2012 15:32

KYTC crews will have a lane closed in each direction on Scottsville Road tonight (Thursday) from 9 pm to 7 am between Three Springs Road and Cumberland Trace for the installation of drainage pipes.

Other work items that will be addressed during that time frame (9 pm – 7 am) involve the removal of temporary barrier wall from the southbound direction of Interstate 65. A lane closure will be used while this work is performed beginning at approximately mile marker 22.

Neither of these activities should create lengthy delays for either roadway.
