

THREAT AT RED CROSS ELEMENTARY WAS A HOAX

Wednesday, 19 December 2012 13:12

This morning Barren County Schools were alerted of an non-credible threat at Red Cross Elementary School. After a thorough investigation by the Glasgow Police Department, Barren County Sherriff's Department, Barren County School Officials, and the KY State Police, the source of the threat has been determined.

This matter has been resolved without any injury or harm to anyone, it was a hoax. While the threat was taken seriously and precautionary measures were put in place, we believe that the threat has been eliminated.

At this stage, the information has been turned over to the local law enforcement agencies for the appropriate actions to be taken.
