

METH LAB DESTROYED AT OAKLAND

Thursday, 14 March 2013 07:02

Last night just before 7 pm Warren County Sheriff's deputies uncovered a meth lab in Oakland. Officers responded to a complaint of a meth lab at 502 Vine Street in Oakland. Upon arrival an active meth lab was located in a storage shed along with other meth making material. Lab certified deputies cleaned up the lab and materials. The Warren County Drug Task Force and Smiths Grove Volunteer Fire Department assisted. The incident is still under investigation
