

Kentucky State Police Post 3 Public Affair's Officer Trooper

Jonathan Biven wants to alert the public of a possible scam. Post 3 received a

complaint stating that he/she had received a phone call and was told by the caller

that they had a warrant and that if they wired money to them, the warrant could be

dismissed.

Kentucky State Police wants to remind citizens that if they receive a call DO NOT

SEND MONEY over the phone or internet. Instead if a citizen feels they may have a

warrant on them. They need to contact their local law enforcement agency.
