

INTERSECTION OF WEST MAIN AND NORTH RACE STREETS TO BE CLOSED TUESDAY, JULY 23

Monday, 22 July 2013 15:15

On Tuesday, July 23 at approximately 7:00 am, traffic in the Glasgow Square (at the intersection of W. Main Street and North Race Street) will be detoured in the same manner as the prior week.

Because of wet weather and the need to complete this work in conjunction with the asphalt paving around the remainder of the square, crews will be performing the finishing pavement grinding work on the new concrete portion of the project. All the previous detour signage and message boards will be in-place to aid motorists during this closure.

Remember to use caution while traveling in the affected area.
