

FIREMEN RESPOND TO GAS LEAK

Wednesday, 31 July 2013 06:53

The Glasgow Fire Department responded at 1:00pm to 320 Frazier Street for a reported natural gas leak. Upon arrival of firefighters it was found that the house was evacuated. Firefighters were able to shut off the natural gas and used a positive pressure fan to remove the natural gas from the house. The occupant of the house said that his kids were playing in the room and had hit the natural gas line causing it to start leaking. There was no further damage, and no injuries were reported. Firefighters were on the scene 25 minutes.
