

I-65 NORTHBOUND IS NOW OPEN

Monday, 26 August 2013 19:58

As of 8:30 pm this evening I-65 northbound is now open. The interstate had been shut down northbound at the 56 mile marker for some 13 hours while hazardous materials cleanup crews removed the cargo of a tractor trailer that overturned this morning. That cargo was a truck load of batteries. It will take some time for the traffic flow to resume to normal.
