

Miss Maddie Morgan has touched the lives of so many people in our area from the moment we first heard about her rare disease, throughout her journey and still touches lives everyday. Butterflies for Maddie is the foundation started by Maddie's mother Donna Morgan to help raise awareness and funds to further research. Chad Lockhart, pastor at Highland Hills Church knew Donna and knew Maddie's story, both of which inspired him to "Chasing Butterflies".

Donna was amazed at how perfectly Chad seemed to capture her heart, as well as Maddie's.
