

## **CORRECTION TO METHANE GAS STORY**

Friday, 29 November 2013 09:36

---

Recently at WCLU News, we aired a story that had a minor inaccuracy as it pertains to the methane gas project and the Glasgow Landfill. We misinformed you in that while approximately \$1 Million of the project will, in fact, be funded by a loan, the remaining \$200,000 will be funded through revenue at the landfill for various services and not revenue from taxes. In fact, this project will not cost taxpayers anything at all. As we look closer into this story, the benefits and sustainability are at a very high level for the citizens. WCLU's Wes Royse sat down with Mayor Rhonda Trautman to discuss further...
