

On Saturday afternoon, officers received a complaint from a 13year old juvenile that an adult male had been contacting her on facebook and requesting that the girl send him nude pictures of herself and asking for her for sex. When officers arrived, they obtained the juveniles facebook login information and printed out the logs of the messages. Messages showed that the juvenile had informed, 20 year old Daniel Paris of Bryan Street in Glasgow via facebook messaging, that she was in fact only 13 years old, yet Paris persisted. Paris was arrested by the GPD and has been charged with one count of UNLAWFUL USE OF ELECTRONIC MEANS. He was lodged in the Barren County Jail.
