

CONSTRUCTION TO BEGIN ON I-65 MONDAY MORNING

Saturday, 08 March 2014 10:35

Construction will begin Monday morning on several areas of Interstate 65.

As the widening of Interstate 65 continues through Hart County, several bridges will need to be reconstructed. KY 88 will be reduced to one lane of traffic beginning on Monday morning. The lane closure may create delays, especially during morning and afternoon peak travel times.

Width restrictions will also be in place during work on KY 88, loads wider than 10 feet will not be permitted and motorists must find an alternate route. Bridge access will be controlled by a traffic signal, allowing alternating one-way traffic. Motorists should be aware that crews will be on site and working on the side of the bridge not being used by traffic. Two lane travel across the bridge should resume by this summer.

Work will also begin Monday on I-65 just north of the Hardin County line, extending toward Louisville. Traffic delays may occur.
